Central Oregon Bird Checklist

BIRDS OF CENTRAL OREGON

Crook, Deschutes, and Jefferson Counties

The information in this checklist was compled by Craig Miller for the East Cascades Audubon Society - January 2012

The following symbols are used in this checklist

Seasons:

Sp = Spring - March through May
Su = Summer - June through July
F = Fall - August through November
W = Winter - December through February

Abundance:

C = Common - widespread and/or easy to find U = Uncommon - local and/or difficult to find R = Rare - less than 30 records and/or very hard to find

X = Extremely Rare - 8 or fewer records

* = State Rarity - please document and submit a report to the Oregon Birds Records Committee -http://www.oregonbirds.org/oforarebird.html

A total of 351 wild species have been found in the tri-county area as of December, 2011. Additional state rarities have been reported but have not been reviewed or are still under review by the Oregon Birds Records Committee.

The following species have occurred in Central Oregon fewer than 8 times. Each of these birds has been documented with a photograph, sound recording, or a specimen and/or well-described by a credible observer.

State rarities are marked with an asterisk (*) and have been reviewed by the Oregon Birds Records Committee as of 2011.
